

## Medium Size Laser Engraver and Cutter LL 64 / LL 96 / LL 139 / LL 149 / LL 141

### FEATURES:

- ◆ Adopt Wheel Motion System, faster speed.HQ PMI Linear Guide Way, high precision, working steadily.
- ◆ Equipped with high-speed DSP control system, can work offline, with multi-color cutting function.
- ◆ With double side open door.
- ◆ Built-in 256M memory, more convenient for work offline.
- ◆ Full support for CorelDraw, AutoCAD, etc.
- ◆ CE and FDA certificate, more reliable.

### APPLICATION :

- ◆ Acrylic, wood, leather, cloth, plastic, paper, etc. most non metal materials.
- ◆ Mould, crafts, advertising and building decoration, fabric cutting, etc.

## TECHNICAL PARAMETER

Model	LL 64	LL 96	LL 139	LL 149	LL 141
Working Area (mm)	600X400	900X600	1300X900	1400X900	1400X1000
Laser Power	60W / 80W / 100W / 130 W				
Laser Type	Sealed Co2 glass, water cooling				
Control System	RD CONTROLLER				
Water Cooling System	CW-3000 Water Chiller				
Working Table	Blade Bed Table				
Drive Type	Stepper Motor				
Adjustable Table	Optional				
Max Speed	1000 mm/s				
Image Format	PLT, DXF, BMP, AI, DST etc.				
Interface	USB3.0 and USB Disk				
Resolution	2500 DPI				
Double Heads	Optional				
Power	110V or 220~240V / 50-60HZ				
Warranty	12 Months (Machine); 6 Months (Tube); 3 Months (Mirrors and Lens)				
	<ul style="list-style-type: none"> <li>● Upgrade to CW5000/5200 water chiller optional</li> <li>● 300mm Motorized up and down table optional</li> <li>● Rotary Attachment optional (with up and down table)</li> <li>● Auto Focus optional (with up and down table)</li> <li>● Honeycomb Table optional</li> <li>● CCD Camera optional</li> </ul>
